

CODE OF BEHAVIOUR

“Be Your Kindest, Try Your Hardest”

1. Kindness is the most important characteristic that you can show. You should treat all boys with respect, no matter if they have different personalities or beliefs to you.
2. Being at Woodcote affords you great opportunities, inside and outside the classroom. Trying your hardest at all times means you will get the most out of school life and feel greater satisfaction.
3. All staff – teachers, gappers, kitchen staff – are here to help you and will treat you professionally and with kindness. You should treat staff in the same way.
4. You must look after the school’s property and the property of other people. Taking something from someone without asking is stealing, and is a serious rule breach.
5. Good manners cost nothing. Woodcote boys are expected to pride themselves on being helpful, polite and tolerant.
6. If a member of staff asks you to do something, there will be a good reason for them doing so. You should follow their instructions without arguing.
7. You must do my best to be on time for everything. It is not only good manners to be punctual; it also shows that you are well-organised.
8. This Code of Behaviour should be followed at all times, whether in Woodcote, at another school, or on a trip.

The staff at Woodcote will reward boys for kindness and effort, as well as excellence in the classroom or outside. Following the Code of Behaviour will go a long way to helping you win Plus Marks for yourself and your House.
